ACKNOWLEDGEMENT

The success and final outcome of this Internship required a lot of guidance and assistance from many people and I am extremely privileged to have got this all along the completion of my project. All that I have done is only due to such supervision and assistance and I would not forget to thank them.

I consider myself lucky enough to get such a good project. This project would be added as an asset to my academic profile.

I would like to express my thankfulness to my Principal and Head of the Department for their constant motivation and valuable help through the project work.

I owe my deep gratitude to my project guide **Mr. MOHAMMED MAHBOOB HUSSAIN**, who took keen interest in my project work and guided me all along, till the completion of my project work by providing all the necessary information for developing a good system. I would like to thank my friends who helped me in improving my thesis.

I am thankful to and fortunate enough to get constant encouragement, support and guidance from all Teaching staff of MCA which helped me in successfully completing our project work. Also, I would like to extend our sincere esteems to all staff in the laboratory for their timely support.

Finally, I wish to thank my parents for their love and encouragement, without whom I would never have enjoyed so many opportunities.
